

## **ACADEMIC ELIGIBILITY REQUIREMENTS**

The following eligibility requirements apply to all students.

- 2.0 GPA and no "F's" at time of each grade check
- Grade checks will take place the 1<sup>st</sup> day of the week
- Students with grades of "D" are required to attend one or more study session (Friday school, noon detention, after school. Until grades are brought up to a C) but are still eligible for sports.
- Students with grades of "F" are required to attend study sessions (Friday school, noon detention, after school) and are not eligible for sports.
- First week of ineligibility
  - Study Session (All study sessions until grades are brought up to a D)
  - No participation in games
  - Required to attend all practices
- Students will resume full participation and games at the next weekly grade check where they are found eligible

OSSA regulations require students pass five classes each semester. Arlington students must meet all OSAA requirements for eligibility in addition to the district criteria.

**In the event that this study session interferes with the travel of a team, it will be the coach's discretion if the student will remain in the study session or be allowed to travel. Time missed due to travel will be made up at the next available opportunity as determined by the administration and coach.**

Attendance at school is mandatory for participation. Students must be enrolled in five (5) class periods per day to participate in any athletic and/or extra-curricular activities with the exception of home schooled students. Any student with an unexcused absence or tardy from any part of the day or class period during the day of an athletic competition or extra-curricular performance, will not be allowed to participate, but must still attend the activity with team/group. In addition, any student that has been assigned in-school suspension and/or been suspended from school is also suspended from participating in any athletic and/or extra-curricular activities during the time of punishment and is subject to further discipline action by the coach and/or school administration. Attendance at school the day following all athletic and/or extra-curricular activities is also required. Students who have unexcused tardy/absence from school the day following such activity will not be allowed to practice that day and will be withheld from the next event while still being subject to further discipline from the coach and/or school administration.

Home-Schooled Students will be considered eligible for participation if they meet all district and OSAA criteria.
