NOTIFICATION OF RIGHTS UNDER PPRA

The Protection of Pupil Rights Amendment (PPRA) gives parents/guardians and students who are 18 or older or emancipated minors (“eligible students”) certain rights regarding the school district’s conduct of surveys, collection and use of information for marketing purposes, and conduct of certain physical exams. These include the right to:

1. **Consent to federally funded surveys concerning “protected information.”**

If the U.S. Department of Education funds a survey in whole or in part, a student’s parents or an eligible student must consent in writing before the student may provide information relating to the following categories:

- Political affiliations;
- Mental or psychological problems of the student or student’s family;
- Sexual behaviors or attitudes;
- Illegal, anti-social, self-incriminating, or demeaning behavior;
- Critical appraisals of student’s family members;
- Privileged or similar relationships recognized by law, such as with attorneys, doctors, and ministers;
- Religious practices, affiliations, or beliefs of the student or student’s parents; or
- Income other than that required by law to determine program eligibility.

A survey that concerns any of these points is called “protected information survey.”

2. **Opt out of certain surveys and exams.** Parents/Guardians and eligible students will receive notice of any of the following activities and will have the right to opt out of them:

- Activities involving collection, disclosure, or use of personal information obtained from students for purposes of marketing or selling or otherwise distributing the information to others;
- Any protected information survey, regardless of funding; and
- Any nonemergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent and scheduled by the school, and not necessary to protect the immediate health and safety of a student or of another student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law.

3. **Inspect certain material.** Parents/Guardians and eligible students have the right to inspect the following, upon request, before the district administers or uses them:

- Protected information surveys of students (including any instructional materials used in connection with the survey);

- Documents used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
 - Instructional material used as part of the educational curriculum.
4. **Receive notification of district policy.** The School District has developed a policy, in consultation with parents/guardians, regarding these rights and has made arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The School District will directly notify parents/guardians and eligible students, such as through U.S. Mail or e-mail, of this policy at least annually at the start of each school year and after any substantive changes are made.
 5. **Report violations.** Parents/Guardians and eligible students who believe their rights have been violated may file a complaint with:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Ave. SW
Washington, DC 20202-4605

PLACEMENT IN PRIVATE SCHOOL

While parents/guardians are free to choose private schooling or additional services (such as tutoring) from a private individual or organization, the District has no obligation to pay for such services or schooling. If the parent/guardian wants the District to consider making a placement for the child in a private school or with private services, parents/guardians must give the District notice and opportunity to propose other public school options.

Therefore, whether the child is identified as disabled (under IDEA or Section 504) or not, the parents/guardians must provide notice as follows: If parents decide to withdraw their student to enroll the student in a private school, parents must give notice either at the last IEP meeting attended or to the school administrator in writing at least ten (10) business days before withdrawing their student. If parents/guardians fail to do this, and instead make a private placement themselves, a court or hearing officer may reduce or deny reimbursement if it is requested by the parent/guardian.

ATTENDANCE

The Oregon Revised Statutes (339.020) state: Except as provided in ORS 339.030 every person having control of any child between the ages of 7 and 18 years who has not completed the 12th grade, is required to send such child to and maintain such child in regular attendance at a public full-time school during the entire school term. Violation of the compulsory attendance law is a Class C infraction and is punishable by a citation up to \$150. In addition, a parent/guardian who is not supervising his/her student by requiring school attendance may also be in violation of ORS 163.577 (1)(c). Failing to supervise a child is a Class A violation and punishable by a fine up to \$600.

At Arlington School District, all students are expected to attend school regularly and to be on time for classes. There is a direct relationship between poor attendance and academic progress. Students who have good attendance generally achieve higher grades, enjoy school more and are much more employable after leaving school. However, students can fail on the basis of performance, despite good attendance.

The Arlington School District policy on attendance is as follows: Students must be in attendance eighty-seven percent of the days enrolled in order to receive credit in a given class.

Exemptions from Compulsory Attendance are provided by law (ORS 339.030).

EXPECTATIONS

ORS 339.065 states that an absence may be excused by the administration if the absence is caused by the pupil's sickness, by the sickness of some member of the pupil's family, by an emergency or, if satisfactory arrangements have been made in advance of the absence.

Arlington School District students maintain good attendance in the following ways:

1. Attend all classes regularly.
2. Report to all classes on time.
3. Check in at the office before going to class if you arrive late to school.
4. Check out at the office before leaving campus even if your parents pick you up.
5. *Get appointments or trips pre-arranged.* Bring a note to the office explaining the date, time, and reason for the absence prior to the absence.
6. Get all schoolwork to be missed ahead of time whenever possible.
7. ***Clear all absences within two (2) days or the absence will be considered unexcused.***

Absence Without Prior Arrangement: Upon return to school, a student should report to the Office with a note from the parent/guardian. The note should include the date, student's name, date(s) and/or time of student absence, reason for absence, and parent/guardian signature. Students who are 18 and living on their own may write their own notes. **Only** these students may sign themselves in/out at the office with administrative approval.

- a) **Pre-arranged Absences:** Pre-arranged excused absences may be approved providing a request from the parent/guardian is presented to the office at least one day in advance of the absence. The note should include the date, student's name, date(s) and/or time the student will be absent, reason for the absence, and parent/guardian signature. The student will take a pre-arranged absence form to each teacher allowing them to be aware of the absence, and the student to get their assignments in advance.

Students cannot be failing classes and all assignments are due upon return to school.

8. As per state law (ORS 339.065) excused absences will only be given for:
 - a) Family emergency – determined by the administrator
 - b) Illness
 - c) Pre-arranged absence – determined by the administrator
 - b) School sponsored activities – participants will not be counted absent from class.

9. Make up all work on time required by the teacher.
 - a) Excused Absence: Student will have one day per day absent to complete and turn in work for full credit.
 - b) Unexcused Absence: The consequences of an unexcused absence will be determined at the discretion of each individual teacher. Consequences may include, but are not limited to any one or more of the following:
 1. A score of “zero” on missed assignments, quizzes, or exams.
 2. A loss of daily participation points.
 3. Require exams or quizzes to be made up the day the student returns.

Teachers will include their expectations and consequences for unexcused absences in their course syllabi.

LEAVING SCHOOL DURING SCHOOL HOURS

If it should become necessary to leave school during the school day, *the student must check out of school by seeing the office secretary and gaining clearance from the administration*. Failure to do so will constitute an unexcused absence, regardless of whether or not your parents/guardians are “aware”. Discipline will be administered as stated within the behavior management procedure. If parents/guardians wish to have a student excused during the school day, arrangements must be made with the administrator or his/her designee. The administrator will determine whether the reason is of sufficient cause to release the student, and to determine whether the absence will be excused.

UNEXCUSED ABSENCES INCLUDE

1. Leaving campus without properly checking out through the Attendance Office.
2. Skipping class – Leaving class without permission.
3. Oversleeping.
4. Missing the bus.
5. Personal errands.
6. Family vacations that have not been pre-arranged.
7. Employment, job shadowing or apprenticeships during the instructional day that have not received prior approval from the administration.

8. SNEAK DAY – Absences from school for “sneak days” will be treated as truancy.
9. TRUANCY – A student who is absent from school or from any class without permission will be considered truant and will be subject to disciplinary action including detention, suspension, expulsion and ineligibility to participate in athletics or other activities.

TARDINESS/UNPREPARED FOR CLASS

Student tardiness and unpreparedness is an extreme disruption to the daily operation of classes. Students are advised that repeated tardiness/unpreparedness in the same quarter will result in immediate consequences and/or parent/guardian contact. Consequences may include detention or suspension. Students later than 10 minutes to class will be considered and marked absent.

COLLEGE VISITATION GUIDELINES

RELATING TO ATTENDANCE

Juniors are allowed one day and Seniors are allowed up to two days for college visitations. The following criteria must be met for the absence to be considered school related:

1. A staff member takes a group of students on a college visit that has been pre-arranged with the college/university.
2. The student and parent/guardian must set up the visit with the Arlington High School and the college/university. The college must set up the tour and documentation must be given to AHS from the college/university.

If a Senior wishes to exceed the two day limit for a college visitation, the absence will be excused if they have pre-arranged.

BEHAVIOR

ARLINGTON STUDENT MANAGEMENT POLICY

The teachers and staff at Arlington School District believe that students have the right to a safe, pleasant environment in which to learn. It is important that students be encouraged to conduct themselves in a manner that will maintain such a climate that everyone is given the greatest opportunity to achieve and succeed. When every person in a school is doing their best, the school becomes an exciting and warm place where every person is learning new things every single day.

In the classrooms, hallways, lunchroom, or on the court or field, students make behavioral choices every day. At ASD the teachers and staff believe that people move toward personal maturity as they make good behavioral choices and take responsibility for their actions. Behavioral choices that are mature and responsible deserve

acknowledgement. Recognition of appropriate student behavior is important and may include:

- Nominations/Selection as Student of the Month
- Positive recognition: including assemblies, releases, breaks, pep assemblies, etc.
- Verbal praise
- Eligibility for special prizes, outings, or field trips
- Positive notes/phone calls, acknowledgment to parents/guardians

Young adults make good behavioral choices using three simple guidelines. Everyone in the school is encouraged to remember the phrase, “Strive for excellence and help others to achieve this goal” as they actively work on the following goals:

CODE OF CONDUCT

BE SUCCESSFUL

Always try – Do your best – Manage yourself.

Students determined to be successful come to class on time prepared to work and learn skills to help them achieve their goals.

BE THOUGHTFUL OF OTHERS

Cooperate with other people and treat them with respect. Respect the property and rights of others. Everyone at Arlington Schools has the right to expect mutual courtesy, respect, and a sense of self-worth.

BE LOYAL TO YOUR SCHOOL

Having pride in and respecting yourself and others is a part of making Arlington Schools a positive, good place to be.

Behavioral Expectations at ASD are aimed at the goal of creating a school environment, which protects every student’s rights to learn as well as every teacher’s rights to teach. Expectations should be clear and fair and consistently enforced. Aside from general school rules and these simple guidelines, teachers and classroom instructors will state and post their classroom expectations. Parents/guardians are welcome to be part of the annual review process of the **Student Management Policy**.

Most young adults are able to act in a responsible, mature manner that does not interfere with the educational rights of others. For this reason, **Arlington School District’s Student Management Policy** is reviewed at the beginning of each school year and with students as they enroll during the school year, so that students are fully aware of the expectations and can make good choices. However, when inappropriate choices have been made, parents/guardians are notified. Students who choose to continue violating school rules face consequences for their behavior.

GENERAL CONDUCT EXPECTATIONS

The following rules of general conduct are expected of all students:

- A. General Conduct:
1. Teachers are to be given proper respect and be addressed as Miss, Mr., Mrs., or Ms. and their last name.
 2. ***The Student Management Policy is in effect whenever you are under the auspices of Arlington School District, including lunch (even off campus) and any school activity.***
 3. Off-campus and outside-of-school conduct that violates the District's Student Code of Conduct may also be the basis for discipline if it has the potential to disrupt or impact the safe and efficient operation of the school or interfere with the rights of others.
 4. A student must attend school the day of an after school function in order to participate in the function unless he/she has prearranged his/her absence with the administrator or his/her designee.
- B. In the halls:
1. Pass quickly, quietly and safely, but do not run.
 2. Refrain from showing inappropriate action to others.
- C. In the classroom:
1. Be in your seat by the bell.
 2. Be orderly even if the teacher is temporarily out of the room.
 3. Be prepared to begin the lesson at once without borrowing pencils, books, paper, etc.
 4. Do not leave the room without the teacher's permission.
 5. Wait until the teacher dismisses you. **THE BELL NEVER DISMISSES.**
 6. *Food and drink are not allowed in class and cannot be purchased during class time.*
- D. In assemblies:
1. Be attentive, quiet, and polite as soon as you enter the assembly.
 2. All students are required to attend assemblies unless permission to be absent is obtained from the office prior to the assembly.
- E. Displays of Affection:
1. Holding hands and walking arm in arm are gestures of affection, which are widely accepted in public. Other affectionate behaviors in school or other work settings are considered inappropriate. Intimate conduct such as kissing, sitting on laps, straddling each other, fondling and the like are not appropriate in school or the workplace. Such behaviors when referred will result in parent notification and/or discipline.

A complete record of the conduct of each student is maintained at the school. Unacceptable behavior is clearly spelled out in the Student Management Policy. This policy and the student/parent handbook will be reviewed yearly with students as part of the advisor/advisee program.

Disrespectful, disruptive, irregular attendance, and illegal activities are discouraged through the assignment of consequences, which include loss of privileges, parent/guardian conferences, detention and suspension. Among these activities are: repeated unexcused absences, truancy, repeated tardiness, dress code violation, note writing, inappropriate or obscene language, disrespect, disruptive behavior, cheating, illegal behavior, harassment, physical violence, damage to school property, behaviors that place others at risk, unprepared for class, display of affection.

The following can result in suspension and, in some cases, expulsion: repeated violations, fighting, gang behavior, defiance of authority, failure to serve detention, cheating on final exam/major project, any violation aggravated by racially/sexually derogatory behavior, use of drugs/alcohol, sale or supply of drugs/alcohol, possession of a weapon (state law requires one year expulsion).

Please refer to the following discipline matrix for detailed list of inappropriate behavior and the disciplinary action that will be taken for such violations.

GYM AND WEIGHT ROOM USE

Students are not to be involved in any type of activity in the gym or weight room unless there is staff supervision.

LOCKERS

Student lockers are the property of the school district and may be opened and searched at any time by the administrator or by staff members designated by the administrator. Such a search does not require prior student notification if such action is deemed reasonable by the administration. Private locks are not authorized and will be cut off if found. Items belonging to a student, which are unlawful, or are in violation of school policy may be seized. When items are seized, students will be notified that a search occurred and of what items were seized.

Students may decorate the inside of their lockers only. No decorations regarding drugs, sex, alcohol, tobacco, or any inappropriate items may be used. Students shall not have personal decorations, signs or items on the outside of lockers unless approved by the administration. Additionally, students may not post personal signs or decorations on school property unless approved by the administration. Students may post campaign signs during student body election week.

Students shall use lockers to store books and supplies. Students should not put personal bags, books, etc. in the hallway, on benches or on shelves in the hall. Items left in the hall, on benches, or shelves in the hall may be picked up and removed by the custodian or administration. Hallways shall be kept clear at all times.

Money and other valuables should not be kept in lockers, restrooms or dressing rooms. If the item cannot be kept on your person or left at home, consult the office. Some valuables are not allowed in class. The district is not responsible for lost items.

POSTERS/SIGNS/BANNERS

The administration must first approve signs, banners, or posters that a student wishes to display. Signs, banners, and/or posters displayed without authorization will be removed. Any student who posts printed material without prior approval shall be subject to disciplinary action. All locker signs must be AHS spirit signs or school information. (See Lockers policy above)

DISCIPLINE/DUE PROCESS

A student who violates the Student Code of Conduct shall be subject to disciplinary action.

A student's due process rights will be observed in all such instances, including the right to appeal the discipline decisions of staff and administration.

The district's disciplinary options include using one or more discipline management technique including counseling by teachers, counselors, and administrators, detention, suspension, expulsion, loss of driving privileges, and loss of right to apply for driving privileges and removal to an alternative education program. Disciplinary measures are applied depending on the nature of the offense. The age and past pattern of behavior of a student will be considered prior to any suspension or expulsion.

In addition, when a student commits drug, alcohol and/or tobacco-related offenses or any other criminal act, he/she may also be referred to law enforcement officials.

DETENTION

A student may be detained outside of school hours on one or more days if the student violates the Student Code of Conduct. The detention shall not begin, however, until the student's parents/guardians have been notified of the reason for the detention and can make arrangements for the student's transportation on the day(s) of the detention.

FRIDAY SCHOOL

A student may be assigned to Friday School for up to five hours (9:00 a.m. to 2:30 p.m.) with a one-half hour lunch break if the student violates the Student Code of Conduct. The Friday School detention shall begin after parents/guardians have been notified of the reason for the detention and can make arrangements for the student's transportation to and from the Friday School.

SUSPENSION

A student may be suspended from school for up to and including 10 school days for willful violations of the Student Code of Conduct. The district may require a student to attend school during non-school hours as an alternative to suspension.

An opportunity for the student to present his/her view of the alleged misconduct will be given. Each suspension will include a specification of the reason(s) for the suspension, the length of the suspension, a plan for readmission and an opportunity to appeal the decision. Every reasonable and prompt effort will be made to notify the parents/guardians of a suspended student.

While under suspension, a student may not attend after school activities and athletic events, be present on district property nor participate in activities directed or sponsored by the district.

Schoolwork missed by a student while on suspension is due within one day after the student returns to school.

EXPULSION

A student may be expelled for severe or repeated violations of the Student Code of Conduct.

No student may be expelled without a hearing unless the student's parents/guardians or the student, if 18 years of age, waives the right to a hearing, either in writing or by failure to appear at a scheduled hearing.

An expulsion shall not extend beyond one calendar year.

The district will provide appropriate expulsion notification including expulsion hearing procedures, student and parent/guardian rights, and alternative education provisions as required by law. See alternative education programs in this handbook.

DISCIPLINE OF STUDENTS WITH DISABILITIES

The IEP team will determine whether the misconduct is a manifestation of the student's disability. Should the IEP team conclude the misconduct has no relationship to the student's disability, the student may be disciplined in the same manner, as would other students. If the IEP team concludes the misconduct is a consequence of the student's disability, the team may recommend alternative placement for the student. The district may not expel a student with disabilities or terminate educational services for any behavior, which is a consequence of the disability.

If the district determines that the student's behavior, which is related to his/her disability, poses imminent danger to others and the parent/guardian refuses to agree to a change of placement, the district may suspend the student for up to ten consecutive school days or ten cumulative school days, to provide a general planning and "cooling off" period. At the end of the ten-day period the student shall be allowed to stay put in his/her current school placement unless the district has obtained a hearing officer or court order to change the student's placement.

DRESS AND GROOMING

The district's dress code is established to promote appropriate grooming and hygiene, prevent disruption, provide for a workplace environment, and avoid safety hazards. In addition to the district policy on dress and grooming, dress issues often constitute conflicts with district policy on sexual harassment and gangs. Such dress can, at times, for some students, create a hostile school environment. The following dress code seeks to create a more logical and useful set of guidelines for students and parents/guardians.

Responsibility for dress and grooming rests primarily with students and their parents. However, the district expects student dress and grooming to meet standards, which ensure that the following conditions do not exist:

1. Disruption or interference with the classroom learning environment;
2. Threat to the health and/or safety of the student concerned or of other students.

Students who represent the school in a voluntary activity may be required to conform to dress and grooming standards and may be denied the opportunity to participate if those standards are not met.

It is essential that the administration of the school have the authority to interpret and enforce the dress and grooming code. However, it shall be the responsibility of all staff members to send any violators of the dress and grooming code to the office. Students who willfully repeat violations of the dress code will be disciplined.

In general, students should dress in neat, clean appropriate clothing that does not disrupt the educational process and protects the rights of others. This specifically includes the following:

DRESS AND GROOMING CODE

In general, students should dress in neat, clean appropriate clothing that does not disrupt the educational process and protects the rights of others.

Students found to be in violation of these guidelines will be asked to conform immediately. Students will change or be sent home to change immediately. Students failing to comply will be subject to disciplinary action according to the student management policy.

The dress and grooming code listed here is to encourage students to dress in a clean, safe and attractive manner so that all students can function in a normal classroom atmosphere and be proud of their fellow students and their school. The code is a guideline established to exclude certain modes of dress and grooming in the belief that to permit this conduct would lead to a substantial disruption of the educational process within the school. It is the hope of the administration that students and parents/guardians will cooperate by complying with the school guidelines.

COUNSELING

Arlington School District provides a variety of counseling supports for students. This may include in-classroom guidance lessons, presentations, one-on-one and group counseling for social/emotional issues, career counseling, etc. These services may be provided by school counselors employed by ASD, and/or by school-based mental health counselors contracted by ASD. If you do not wish your student to receive these services, please inform the school, in writing, of your wishes.

ACADEMIC COUNSELING

Students are encouraged to talk with a district counselor, teachers and administrators in order to learn about the curriculum, course offerings and graduation requirements. Students who are interested in attending a college, university, training school, military, or some other advanced education should work closely with the school counselor. The counselor can also provide information about entrance examinations required by many colleges and universities, as well as information about financial aid and housing.

DRUG – ALCOHOL – TOBACCO

DRUG, ALCOHOL AND TOBACCO PREVENTION PROGRAM

Oregon State Law ORS 474 and 475 prohibits the possession, use or sale of alcohol, narcotics, and habit-forming drugs. This obligates the school district to enforce a policy prohibiting the possession, use, sale or source of supply of alcohol, narcotics and habit-forming drugs (or look a likes) on or near the school grounds, or at any time students are going to or from school or while being transported to and from any school sponsored activity. Use of a drug authorized by medical prescription from a registered physician, and within the guidelines of the policy on medication, shall not be considered a violation of this rule.

The possession, selling and/or use of illegal and harmful drugs, alcohol and tobacco are strictly prohibited. This includes drug possession, drug paraphernalia, selling and/or use at school during the regular school day and/or at any district related activity, regardless of time or location and while being transported on district provided transportation. Students in violation of the district drug, alcohol and tobacco policy will be subject to disciplinary action and referral to law enforcement officials, as appropriate.

Students have the right to attend school in an environment conducive to learning. Since student drug, alcohol and tobacco use is illegal, harmful, and interferes with both effective learning and the healthy development of students and adolescents, the school has a fundamental legal and ethical obligation to prevent unlawful drug, alcohol and tobacco use and to maintain a drug-free educational environment.

DRUG PREVENTION PROGRAM

The district's drug, alcohol and tobacco curriculum will be age-appropriate, reviewed annually and updated as necessary to reflect current research.

Drug, alcohol and tobacco prevention instruction will be integrated in the district's health education courses. Students not enrolled in health education shall receive such instruction through other designated courses. At least annually, all senior high school students shall receive such instruction. Instruction shall minimally meet the requirements set forth in Oregon Administrative Rules.

Intervention is defined as the identification and referral of students whose behavior is interfering with their potential success socially, emotionally, physiologically and/or legally as a result of prohibited drug, alcohol and tobacco use.

Any staff member who has reason to suspect a student is in possession of, or under the influence of unlawful drugs, alcohol, other intoxicants or tobacco on district property, on a school bus or while participating in any district sponsored activity, whether on district property or at sites off district property, will escort the student to the office or designated area and will report the information to the school administrator or his/her designee.

The school administrator will:

1. Call the police if deemed appropriate;

2. Call the parents/guardians for a meeting;
3. Discuss the incident with the student, parents if available and police if contacted;
4. Impose the penalty for violating using due process procedures;
5. Provide information to parents/guardians about resources that offer treatment or assistance for young people suffering from drug, alcohol or tobacco related problems.

Students possessing, using and/or selling unlawful drugs, alcohol, other intoxicants and tobacco on district property, in district vehicles, at district sponsored activities on or off district grounds shall be subject to discipline up to and including expulsion. Students may also be referred to law enforcement officials.

If the material is not approved within three (3) days from the time it was submitted to the administration will be considered disapproved. The disapproval may be appealed to the Board at its next regular meeting when the individual shall have a reasonable period of time to present his/her viewpoint.

The dress and grooming code listed here is to encourage students to dress in a clean, safe and attractive manner so that all students can function in a normal classroom atmosphere and be proud of their fellow students and their school. The code is a guideline established to exclude certain modes of dress and grooming in the belief that to permit this conduct would lead to a substantial disruption of the

educational process within the school. It is the hope of the administration that students and parents/guardians will cooperate by complying with the school guidelines.

DRILLS AND OTHER EMERGENCY SIMULATIONS

Fire drills and/or earthquake drills will be held monthly. In case of a fire or earthquake drill, all students are to leave the building immediately according to the evacuation procedure established for each room in the school. **WALK, DO NOT RUN.**

Unauthorized use of the fire extinguisher or fire alarm system is dangerous and illegal. Students tampering with fire equipment or creating false alarms may be fined, suspended or expelled from school.

Other emergency drills or simulations (i.e., bus evacuation, armed intruder, tsunami, chemical spill, etc.) may be held periodically.

EMERGENCY MEDICAL TREATMENT

In cases of sudden illness or injury to a student or staff member, school staff will give first aid. Further medical attention to students is the parents' responsibility, or of someone the parents designate in case of emergency. School staff are charged with providing for the immediate care of ill or injured persons within his/her area of responsibility.

Staff members shall report self-administered first aid treatment to an immediate supervisor.

In each school, procedures for handling health emergencies will be established and made known to the staff. Each school and school vehicle will be equipped with appropriate first-aid supplies and equipment. Designated employees in each building shall hold current first-aid cards. In compliance with Oregon Administrative Rules, each school shall have at a minimum, at least one staff member with a current first-aid card for every 60 students enrolled. Names of the designated employees will be posted. At least one coach at each level of sport will be certified.

EMERGENCY SCHOOL CLOSING INFORMATION

Whenever it is necessary to delay the opening of school because of weather conditions or other conditions, everyone will be notified by telephone. However, it will be automatically understood that this means LATE OPENING. Late opening means that school will begin exactly two (2) hours later than normal. Buses will run exactly TWO (2) hours behind schedule in order that you will be able to judge your timing. There will be no rumors and no confusion.

In the event of bad weather or other conditions that would require the school to be closed staff and parents/guardians will be notified by 8:00 a.m. Remember that school will be held unless you receive the second notification. Only bus drivers or school secretaries will be making these calls. If students or unidentified people call it is an unofficial notification.

Examples of procedure:

1. The original call to staff and parents/guardians by 8:00 a.m. automatically means LATE OPENING;
2. There will be no second call for Late Opening. All students know that they will be on their bus exactly two hours behind their normal time;
3. In case that school must be cancelled – a second call will be made prior to 10:00 a.m. to inform teachers and parents/guardians that school is closed for the day.

GANGS

A gang is defined as any group that identifies itself through the use of a name, unique appearance or language including hand signs, the claiming of geographical territory or the espousing of a distinctive belief system that frequently results in criminal activity.

Students in violation of the district's gang policy will be subject to discipline up to and including expulsion.

IMMUNIZATION

Proof of immunization must be presented prior to the time of initial enrollment in school or within ten (10) days of transfer to the district. Proof consists of a signed "Certificate of Immunization Status" for documenting whether evidence of immunization or a religious and/or medical exemption.

INFECTION CONTROL/HIV, HBV, HCV, AND AIDS

Although HIV, HBV, HCV and AIDS are serious illnesses, the risk of contracting the disease in school is extremely low and generally limited to situations where non-intact skin or mouth, eye or other mucous membranes would be exposed to blood or any body fluids contaminated with blood from an infected person.

Since any such risk is serious, however, the district requires that staff and students approach infection control using standard precautions. That is, each student and staff member is to assume all direct contact with human blood and body fluids is regarded as known to be infectious for HIV, HBV, HCV AIDS and/or other infectious diseases.

If the district is informed that a student is HIV, HBV, HCV or AIDS infected, the district is prohibited by law from releasing information unless the infected student or parent/guardian gives permission for such release.

If a student or parent/guardian wishes to divulge such information and continues attending school, the district will meet with the infected student, parent/guardian, and/or representative to develop appropriate procedures.

Parents/Guardians of students with a medical diagnosis of HIV deemed special risk by the student's health care provider as well as parents/guardians of any student with AIDS are required to notify the Superintendent of the student's infection in order for the student to be granted permission to continue to attend school. Failure to do so will result in an order by the Oregon Health Division or local health department excluding the student from school or the parent/guardian may voluntarily withdraw the student from school. In either case, students and parents/guardians will be notified of alternative education programs.

INFECTION/DISEASE INSTRUCTION

An age-appropriate plan of instruction about infections/diseases including HIV, HBV, HCV and AIDS has been included as an integral part of the district's health curriculum. Any parent/guardian may request that his/her student be excused from that portion of the instructional program required by Oregon law by contacting the administration for additional information and procedures. Students of parents/guardians with questions about the district HIV, HBV, HCV, and AIDS health education program should contact the administration.

INSURANCE

At the beginning of the school year, the district will make available to students and parents/guardians a low cost student accident insurance program. Parents/Guardians are responsible for paying premiums (if coverage is desired) and for submitting claims through the district office. **The district shall not be responsible for costs of treating injuries or assume liability for any other costs associated with an injury.**

Before participating in school sponsored athletics/cheerleading, students and parents/guardians must have purchased the student accident insurance or show proof of insurance.

LOST AND FOUND

Any articles found in the school or on district grounds should be turned into the school office. Unclaimed articles will be disposed of at the end of the school year.

MEDIA ACCESS TO STUDENTS

Media representatives may interview and photograph students involved in instructional programs and school activities, including athletic events. Information obtained directly from students does not require parental/guardian approval prior to publication.

Parents/Guardians who do not want their student interviewed or photographed should direct their student accordingly.

District employees may release student information only in accordance with applicable provisions of the education records law and Board policies governing information and personally identifiable information.

Written instructions of the physician are required for all requests to administer prescription medication. Such instructions must include the following information: name of the student, name of the medication, dosage, route, frequency of administration,

and any special instruction. A prescription label meets the requirements for written instructions from the physician, if the information above is included.

All medication must be kept in its appropriately labeled, original container. The student's name is to be affixed to non-prescription medication.

Students may have in their possession only the amount of medication needed for that school day. Sharing or borrowing medication is strictly prohibited.

Permission to self-medicate may be revoked if the student is found to be in violation of these requirements and subject to disciplinary action.

Contact the school office for additional information and forms.

SEARCH AND SEIZURES

The Board seeks to assure a climate in the schools, which is appropriate for institutions of learning and which assure the safety and welfare of personnel and students. School officials may, under appropriate conditions, search the person and the personal property, including the facility or property provided by the school. School officials may seize any property deemed injurious or detrimental to the safety and welfare of students and personnel if school officials have reasonable suspicion to believe an illegal act or a violation of school rules and regulations is being committed or is about to be committed.

A search of a student's person may be conducted when there is reasonable suspicion to believe the particular student is concealing evidence of an illegal act or school violation.

Searches will not be excessively intrusive in light of the age, sex, maturity of the student and nature of the infraction. Strip searches are prohibited by the district.

Illegal items or other possessions reasonably determined by school officials to be a threat to the safety or security of others may be seized by school officials. Items found which are evidence of a violation of law, policy, regulation, school rule or the Student Code of Conduct may be seized and students may be disciplined.

Other items, which are being used to disrupt or interfere with the educational process, may be temporarily removed from the student's possession by school officials.

General search of school properties including, but not limited to lockers and desks may occur at any time. (See LOCKERS policy above)

At the time school equipment is assigned to students for their use, students will be informed of the conditions for the use of such equipment and of the intent of school personnel to conduct routine searches.

QUESTIONING

Should law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the administration or designee will make an effort to notify the parent/guardian of the situation.

Parents/Guardians are advised that in suspected child abuse cases, child agencies and/or law enforcement officials may exclude district personnel from the investigation procedures and may prohibit the district from contacting parents/guardians.

STUDENT SKATEBOARD/ROLLERBLADE/SCOOTER USE

Use of skateboards/rollerblades/scooters on district property during non-school hours is at the user's risk.

Vehicles parked on district property are under the jurisdiction of the district. Any student driving a motorized vehicle to school must be a licensed driver and is required to show that he/she holds a valid driver's license, show that the vehicle is currently registered and that the student driving the vehicle is insured under a motor vehicle liability insurance policy or that the student or vehicle owner has provided the Motor Vehicles Division with other satisfactory proof of compliance with the financial responsibility requirements of the state.

All vehicles parked on school campus must be parked in the designated areas as prescribed by the administration. Parking on district property is a privilege and not a right. District officials may conduct searches of vehicles upon reasonable suspicion of a policy, rule and/or procedure violation.

Students are not to be in their vehicles or getting things from their vehicles during school hours unless they have permission from the administration.

No student is authorized to drive a motorized vehicle during the hours in which school is in session without proper authorization from parents/guardians and the administration. Students who drive or park inappropriately may lose their privilege to drive and/or park on school grounds. Students should not be driving to the grade school for classes held at the grade school unless administrative permission has been granted. Students are not authorized to enter an auto driven by any person except by written authorization from the parent/guardian of the student and the parent/guardian of the person driving. Students are not authorized to ride in the back of a pickup or other open vehicle. Violations will be reported to the office.

ACTIVITIES

All students, regardless of their ability levels are encouraged to take part in activities and the many worthwhile learning experiences that involvement in student athletics and activities has to offer.

ATHLETIC CODE

The athletic code is in accordance with policy and consistent with the suggested policy of the O.S.A.A. This code shall apply to all students participating in the interscholastic athletic programs sponsored by the Arlington School District. Any athlete not conforming to the letter of the code shall be subject to disciplinary action as prescribed.

Students, who participate in the Arlington High School Athletic program, including cheerleaders, will be provided with a current copy of the Arlington High School Athletic and Extra-Curricular Activities Handbook. The handbook includes all of the Athletic and Extra-Curricular Activities rules and regulations for participation.

FUND RAISING

Any solicitations and/or activities that generate moneys by students and staff (car washes, bake sales, raffles, etc.) must have prior approval of the Administration and Junior Class Advisor during the school year. Fundraisers during the summer months require approval of the Administration. Groups should fill out a Facilities Use form in addition to the Fund Raising Form if school facilities will be used.

Any solicitations for money that does not provide a service must be proposed in writing to the Board.

GOVERNMENT

The key organization of the school is the Arlington High School Associated Student Body (ASB). It sponsors many school activities. The governing body of the association is the Student Council. Any student wishing to run for office must have at least a 2.0 GPA and passing all classes in which the student is currently enrolled. (See ASB Constitution and Athletics Eligibility Requirements policy above)

All students must purchase a student body card, become a member of the Arlington Associated Student Body Association and be enrolled as a full time student in order to participate in school activities (i.e., activities/athletics).

FEES

No student will be denied an education because of his/her inability to pay supplementary fees.

No student, however, is exempt from charges for lost or damaged books, locks, materials, supplies and equipment.

All student fees and charges, both optional and required, will be listed and described annually in student/parent handbook, or in some written form, and distributed to each student. Students will be advised of the due dates for such fees and charges as well as of possible penalties for failure to pay them.

In accordance with the law and with district policy, certain education records may be withheld if fees and fines are not paid.

The following fees will be charged to Arlington High School Students:

STUDENT RECORDS

CONFERENCES

Regular conferences are scheduled to review student progress.

Students and parents may also expect to request a conference if the student is not maintaining passing grades or achieving the expected level of performance; if the student is not maintaining behavior expectations; and/or in any case the teacher considers necessary.

The district encourages a student or parent/guardian in need of additional information or with questions or concerns to confer with the appropriate teacher, counselor or administrator. A parent/guardian who wishes to confer with a teacher may call the office for an appointment before or after school, during the teacher's preparation period, e-mail the teacher (e-mail addresses are the teacher's first name initial and the first seven letters of the last name @arlington.k12.or.us – for example stoutman@arlington.k12.or.us), or request that the teacher call the parent/guardian to arrange a mutually convenient time for a conference. Email addresses can also be found on our website at honkernet.net.

GRADE CLASSIFICATION

After the ninth grade, students are classified by grade level according to the number of units of credit earned toward graduation.

Units of Credit Earned	Grade Placement
6	Sophomore
12	Junior
18	Senior

GRADE REDUCTION/CREDIT DENIAL

Punctual and regular attendance is essential to the academic success of students. District staff may consider a student's attendance in determining a grade reduction or credit denial, though attendance will not be the sole criterion used. Such decisions will not be based on non-attendance due to religious reasons, a student's disability or an excused absence as determined by district policy. (See Attendance policy)

At the beginning of each school year or course, teachers will inform students and parents/guardians how attendance and class participation are related to the instructional goals of the subject or course.

Due process will be provided to any student whose grade is reduced or credit denied for attendance rather than for academic reasons.

GRADUATION EXERCISES

The Board believes that the completion of high school graduation requirements from the Arlington School District is an achievement that improves the community as well as the individual. The Board wishes to recognize that achievement in a publicly celebrated exercise. Accordingly, appropriate graduation programs will be planned by the administration on the date selected by the Board.

The district's valedictorian(s), salutatorian(s) and/or others at the discretion of the administration may be permitted to speak as part of the district's planned graduation program. All such speeches will be reviewed and approved in advance by the administration.

All students in good standing who have successfully completed the requirements for a high school diploma, modified diploma or certificate of attendance may participate in graduation exercises.

Graduation dress and grooming requirements will be established by the administration and reviewed with the graduates prior to graduation. Students must wear appropriate clothing under the graduation gowns. Caps will not be decorated and tassels may not have other items attached to them without Class Advisor's approval. Students may wear jewelry or carry personal symbols if they are in compliance with the school dress and grooming code and school rules. National Honor Society students and honor students may wear honor cords as allowed by the administration.

While graduation is a celebration of achievement, the ceremony should be conducted with the respect and dignity that should be expected from such an occasion. Students should refrain from displays that distract from the occasion such as making inappropriate noises, bring noise makers, bubble gum, bubble blowers, squirt guns, canned string, etc.

A student has a right to a high school diploma if they have completed all the graduation requirements. Participation in the graduation ceremony is a privilege. Inappropriate conduct, violation of school rules, district policies and/or administrative rules, or state and/or federal law by a student may eliminate the student from participating in the graduation ceremony.

Beginning with the Class of 2013, the following graduation requirements will be implemented:

MODIFIED DIPLOMA

A Modified diploma (i.e., certificate of completion, certificate of attendance) may be awarded to students who have met some, but not all, of the district's minimum graduation requirements. Modified diplomas will be awarded based on individual student needs and achievements. The district will determine the minimum units of credit required for a Modified diploma.

HOMEWORK

Homework is an extension of instructional time and is intended to provide students meaningful feedback as they practice, reinforce, and apply specific learning outcomes. The amount assigned will vary depending upon the course taken and the grade level of the student. Homework assignments promote self-directed learning and a sense of personal responsibility.

STUDENT HOMEWORK RESPONSIBILITY

Students are expected to carefully complete all homework assignments according to expectations, giving serious attention to the quality and timeliness of their work. Students will make homework a priority.

PARENT/GUARDIANS HOMEWORK RESPONSIBILITY

Parents/Guardians should provide an environment that is conducive to study and learning, reinforce good study habits, prioritize homework, and communicate with teachers when questions concerning homework or academic achievement arise.

TEACHER HOMEWORK RESPONSIBILITY

Teachers will base learning assignments on specific learning outcomes as well as student needs. They will clarify the purpose of homework assignments and give careful consideration to the demands on student time, yet expecting schoolwork to be a priority. Homework will be evaluated in a timely fashion using announced expectations, and in a manner that provides accurate assessment of student skills, abilities and knowledge. Teachers will also attempt to keep parents/guardians informed of the amount and kinds of homework required.

HONOR ROLL QUALIFICATIONS

A student must be enrolled in five graded classes to be eligible for the Honor Roll. Honor Roll students must have a 3.5-4.0 GPA. Honor Roll Honorable Mention students must have a 3.0-3.49 GPA.

RECORDS – DIRECTORY INFORMATION

All student records at Arlington High School will be handled in the manner prescribed by the Arlington School District Record Policy. The district policy is in compliance with previously established federal and state guidelines and is available in the school office upon request.

The following types of information shall be known as directory information and will be released unless a specific request that it not be released is made by a parent/guardian or

student of consenting age (18); the student's name, address, telephone listing, date and place of birth, major field of study, height, weight and grade of members of athletic teams, dates of attendance, degrees and awards received and the most recent previous educational agency and institution attended by the student. Student pictures will be allowed in school publications (i.e., school newspaper, yearbook, newsletters) unless specific request that it not be allowed is made by a parent/guardian or student of consenting age.

REPORTS AND REPORT CARDS

Arlington High School grades are reported on a semester reporting basis. Grades are reported on the high school website, Honkernet. **Parents/Guardians are provided with a student code that allows parents to access their student's grades and attendance through the Internet.** Teachers will update the grades frequently. Parents/Guardians who do not have access to the Internet may contact the school and request progress reports on their students.

Reports cards will be provided at the end of each semester, and transcript grades are recorded in half and full unit credits (i.e., semester grading system). If work is exceptional or below a student's ability, a conference with the parent/guardian will be requested by the teacher. Parent/Teacher conferences will be held at the end of the first nine-week grading period and in the middle of the second semester.

Students in grades 9-12 will be promoted or retained in accordance with state and district graduation requirements. (See GRADE CLASSIFICATION Policy above)

The School Board feels that it is important for teachers to share information with parents/guardians as to the student's achievement and progress. The following guidelines in reporting student progress should be followed:

1. Parents/Guardians will be contacted periodically for any student earning a D or F;
2. Parents/Guardians will be contacted as soon as possible when a student's performance and/or attitude becomes unsatisfactory or shows marked or sudden deterioration;
3. Grades and/or portfolio content assessment will be based upon academic performance. Grades will not be used for disciplinary purposes;
4. At comparable levels, the school system will strive for consistency in grading and reporting except when this consistency is inappropriate for certain classes or certain students;
5. When no grades are given, but the student is evaluated in terms of progress, the school staff will provide a realistic appraisal of the student's standing in relation to his/her peers;
6. The staff will be able to explain the meaning of marks and symbols used to reflect student performance upon request.
7. Students may be assigned to "Friday School" if they are failing coursework.

Such actions are to be made in writing to the parents/guardians or eligible student.

If, after such hearing is held as described above, the parents/guardians or eligible student are not satisfied with the recommended action, the parents/guardians may appeal to the Board where the action of the hearings panel will be reviewed.

Procedures for appeal beyond the Board follows the prescribed actions as set forth in federal regulations. The parent/guardian or eligible student may file a complaint with the

State Tests:

State tests are given each year during periods of time called “testing windows”. Within these windows, each school determines on which days it will administer state tests.

During the school’s testing period, a student can take a state test for the first time or take any re-tests.

Work Samples:

Each student must complete at least one work sample in each area each year in grades 3-8. In high school students may work on work samples at times determined by the school. The number of opportunities will be determined by the teachers designated to score and record the work sample requirements.

STANDARD OREGON GRADUATION REQUIREMENTS

Preparing each student for successful transitions to his or her next steps

(Next steps: e.g. postsecondary education & training, workforce entry, apprenticeship, military)

Emphasizing:

- | | |
|--|---|
|  Personalized learning |  Planning for next steps after high school |
|  High academic expectations |  Learning beyond the classroom |
|  Relevant academic learning |  Connections to the adult world |

What are the student requirements for graduation? A student must:

1. Develop an education plan and build an education profile.

Students must identify personal, academic, and evolving career interests. Students develop, review and update their learning plan in preparation for post-high school next steps. Students build their education profile by documenting their progress and achievement.

2. Meet the performance standard for extended application through a collection of evidence.

Students must meet the extended application standard: Apply academic and career-related knowledge and skills in new and complex situations appropriate to the student’s personal, academic, and/or career interests and post-high school goals.

3. Demonstrate career-related knowledge and skills.

Students must meet the career-related learning standards in personal management, problem solving, communication, teamwork, employment foundations, and career development.

4. Participate in career-related learning experiences as outlined in the education plan.

Students must connect classroom learning with real life experiences in the workplace, community, or school relevant to their personal, academic, and evolving career interests and post-high school goals.

School Support System

Schools are responsible for providing instructional opportunities aligned with each student’s personal and evolving career interests. The following must be included when building capacity for an effective school support system:

- Comprehensive Guidance and Counseling (Pre K-12)
- Post-High School Connections
- Employer & Community Partnerships
- Career Learning Frameworks

HOW TO CALCULATE YOUR GPA (GRADE POINT AVERAGE)

Grade Point Averages (GPA) are often used to determine eligibility for college or university entrance, or for standing on the honor roll, athletic eligibility, and minimum graduation or PASS standards. To calculate your GPA, set up three columns. In the first, list your subjects. In the second column, after your subject, write your letter grade. In the third column, record your points as follows:

SUBJECT	GRADE	POINTS
Language Arts	B	3
Social Studies	A	4
Science	C	2
Math	C	2
Health	A	4
Physical Education	B	3
Computers	C	2
TOTAL POINTS		20
TOTAL NUMBER OF GRADES	7	

GRADE	POINTS
A	4
B	3
C	2
D	1
F	0

In the example above, the student would have a total of 20 points based on the grades and 7 graded classes. Take the total number of points and divide by the number of grades (graded classes). In this example it would be 20 divided by 7 or a 2.86 GPA. GPAs are usually only computed to the second decimal point or one hundredth. In the example above, the GPA is rounded up after the second decimal.
